

Dear Parents,

Seesaw Learning Journey

Seesaw is an online learning journey created by each child/teacher using our iPads/computers. It allows the teachers and children to save their written work, videos and photos of learning experiences in all areas of the curriculum to create individual, digital learning journeys. These will follow each child through school and capture much more than the work in their books, which can then immediately be shared with you at home. Children and parents who are currently using 'Seesaw' in school have been overwhelmingly positive.

It is our highest priority to keep our children safe and we have undertaken stringent checks to make sure the app conforms with all UK privacy laws and protection. Children are only able to access the app via a QR (quick response) code which is only available in school. Parents can only access it via an invitation from school (QR code specific to each child). Only the child's first name will be used to identify them. Your child may however appear on other children's learning journey, for example if they are photographed taking part in a group activity. Please let us know if you have any problems with this.

Seesaw will give you a safe window into your child's life at school and into your child's learning journey. Please contact Miss Geeson with any questions about Seesaw or to see the Seesaw privacy policy. You can also visit their website <http://web.seesaw.me/>. A short introduction for parents can be seen here: <https://help.seesaw.me/hc/en-us/articles/204776025-What-is-Seesaw-Parent-Intro-and-Parent-Account-Setup>.

Yours sincerely,

Miss Geeson
Headteacher

.....
Seesaw Learning Journey APP

Name of child:.....

I do / do not give permission for my child to share their work (inc. photographs and video clips) on their own digital learning journal which only parents and pupils can view.

Signed Date:

I will respect all privacy measures and agree to uphold the school policy in not using the content for any other use.
